

---

**Step 3.** Scan the 2 digit hex value from the [Programming Chart](#) inside the back cover of this manual or scan **9, 9** for all symbologies.

Your change is automatically saved.

### ***To Add a Carriage Return Suffix to All Symbologies***

Scan the following bar code if you wish to add a carriage return suffix to all symbologies at once. This action first clears all current suffixes, then programs a carriage return suffix for all symbologies.

Add CR Suffix  
All Symbologies

### ***Prefix Selections***

Add Prefix

Clear One Prefix

Clear All Prefixes
